Comments :	<p>Subject was incorporated in the year 1973. The company is a trader of cotton fabrics.</p> <p>As per the financial records of 2017, the company has achieved a fair growth of 7.94% in its revenue as compared to the previous year and has reported negligible profitability margin.</p> <p>The company has adequate net worth base and debt free balance sheet profile.</p> <p>The subject's customer (Madison Infraprojects Private Limited) has given positive feedback and is satisfied with the subject's product quality and delivery behaviour. Supplier (Specialty Logistics Private Limited) has also given positive feedback and is satisfied with the subject's payment behaviour. Subject's bank (IDBI Bank) has also given positive feedback and is satisfied with the subject's banking transaction.</p> <p>However, rating is constrained as the revenue of the company has been drastically declined in the financial year 2018 as compared to the previous year. The decline in its revenue is due to GST imposed resulting into decline in the orders received.</p> <p>Business is active. Payment seems to be slow but correct.</p> <p>In view of aforesaid, the company can be considered for business dealings with some caution.</p>
