CORPORATE INFORMATION

The company is a company limited by the shares incorporated under the Companies Act, 1956 domiciled in India. The Company's main objective is to manufacture CNC machines.

OPERATIONS:

During the year, the total revenue of the company was stand at INR 5198.900 Million representing a growth of almost 11% over the previous financial year. The revenue from operations was grown by 9.22 % at INR 5063.600 Million as compared to INR 4636.100 Million in the previous financial year. The growth in operational revenue of the company was mainly due to sound growth in two major industries, i.e. Automobile and General Engineering, which contributed most in topline of the company. There are other industries which are also key to company for increase in its sales turnover. However, in this industries, the growth was marginal, and/or they belong to public sector/government.

The financial year 2016 - 17 had shown some recovery. However, the Demonetization of high value currency notes by Government of India had almost consumed growth and, particularly in third quarter, the sales had shown negative trend as compared to relevant quarter in previous year. The same was because of sudden fall both in booking of fresh order as well as lifting of machines by customers in respect of complete orders. In second quarter as well as later part in fourth quarter of the financial year, the company witnessed goods growth which was turnaround for the company to register growth in turnover of the company. Based on the last quarter performance and Industry and economic sentiments, the management expect good year ahead and may put the company in next growth cycle.

ECONOMIC OVERVIEW and INDUSTRY SCENARIO:

During the year, the domestic economic conditions remains uncertain and, more particularly, demonetization of high value currency notes by Government of India had temporarily halt the economic growth and, more particularly, manufacturing sector had badly affected. Moreover, the uncertainty in banking sector and more particularly, delay in extending advance, loan had also affected the consumption pattern although good sentiment exists. It was predicted the impact of demonetization was for short duration and the economy soon experience the positive impact of demonetization.

The Machine Tool Industry is mother of entire manufacturing sector as well as is also capital goods industry. Any movement in other industries in manufacturing sector has direct effect on this Industry. The growth of fresh capital investment and/or expansion of manufacturing operation in manufacturing sector has direct impact on the growth this industry. At present, with the entrance of new players as well as diversification of existing players in this industry, the competition become stiff as well as considerable portion of import present huge opportunity for growth simultaneously.
