No. of Employees :	9551 (Approximately)

RATING & COMMENTS

(Mira Inform has adopted New Rating mechanism w.e.f. 23rd January 2017)

MIRA's Rating : A++

Credit Rating	Explanation	Rating Comments
A++	Minimum Risk	Business dealings permissible with minimum risk of default

Status :	Excellent
Payment Behaviour :	Regular
Litigation :	Exists
Comments :	<p>Subject is a subsidiary of 'Siemens AG'. The company businesses have been classified into eight segments: power and gas, power generation services, energy management, building technologies, mobility, process industries and digital factory.</p> <p>The company aims to be an integrated technology provider for India's sustainable growth. Its solutions address challenges ranging from efficient and modernized manufacturing, intelligent infrastructure, energy efficiency and integrated automation to mobility and transportation, rapid urbanization, reliable power and sustainability.</p> <p>Siemens (parent entity) ranked 66 in the Global 500 companies list.</p> <p>For the financial year 2017, the company has increased in its operational performance as compared to previous year and maintained decent profit margin of 10.29%.</p>

	<p>The ratings draw comfort from the strong financial profile of the company marked by a robust capital structure and debt free balance sheet.</p> <p>Share price are quote high on stock exchange (Share price of INR 1029.20 with face value of INR 2).</p> <p>Rating also derives strength from strong market position and diversified business portfolio, technical and managerial support from parent to make high-quality products and improve service capabilities, thereby maintaining its market position.</p> <p>However, rating strengths is partially offset by company's exposure to risks related to execution of large projects and to intense competition in the capital goods industry.</p> <p>As per unaudited quarterly financials of June 2018, the company has achieved a revenue of INR 30730 million and has reported good profit margin of 6.65%.</p> <p>Trade relations are reported as fair. Payments are seems to be regular and as per commitments.</p> <p>In view of aforesaid, the company can be regarded as promising business partner for medium to long term business dealings at usual trade terms and conditions.</p>

SIEMENS LIMITED - 524908

PAGE NO. : 20

356120255	Equity Shares	INR 2/- each	INR 712.000 Million

a) Shares held by holding company and subsidiary of holding company:

255351805 Equity Shares of INR 2/- each, fully paid-up, are held by the holding company, Siemens AG, Germany.

11738108 Equity Shares of INR 2/- each, fully paid-up, are held by the Siemens Metal Technologies Vermögensverwaltungs GmbH (Formerly known as Siemens VAI Metals Technologies GmbH), a 100% subsidiary of Siemens AG, Germany.

Reconciliation of the number of shares outstanding at the beginning and at the end of the year:

Particular	Number	INR In Million
Shares outstanding at the beginning of the year	356120255	712.000
Shares issued/subscribed during the year	--	--
Shares outstanding at the end of the Year	356120255	712.000

* denotes figures less than a million.

c) Details of shareholders holding more than 5% shares in the Company as on 30 September:

Particular	No. of shares held	% of Holding
Siemens Aktiengesellschaft, Germany.	255351805	71.70%

As per records of the company, including its register of shareholders/members and other declarations received from shareholders regarding beneficial interest, the above shareholding both legal and beneficial ownerships of shares.

Details of aggregate number of shares issued for consideration other than cash and bonus shares issued during the period of five years immediately preceding 30 September:

Equity shares allotted as	30.09.2017
Fully paid up to the shareholders of Siemens VAI Metals Technologies Private Limited. in accordance with the scheme of amalgamation	11738108
Fully paid up to the shareholders of Siemens Power Engineering Private Limited. In accordance with the scheme of amalgamation	3461538
Fully paid up to the shareholders of Winergy Drive Systems India Private Limited. In accordance with the scheme of amalgamation	625139

e) Terms / rights attached to equity shares

The Company has only one class of equity shares having a par value of INR 2 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees.

In the event of liquidation of the Company, the holder of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts (if any). The distribution will be in proportion to the number of equity shares held by the shareholders.

MANAGEMENT'S DISCUSSION AND ANALYSIS

General Performance Review

During the financial year 2017, Siemens Limited operated in a mixed market environment, with large orders primarily being driven by government investments in transmission and distribution. Private sector capital expenditure continued to show muted growth.

In addition, the improving 'ease of doing business' boosted positive sentiment for foreign investment into India while large corporates across sectors such as oil and gas, steel and cement announced plans for capacity expansion. Continuing with the reforms of the previous years, the Government announced further reform measures such as Saubhagya scheme for complete electrification of India, bank recapitalization, insolvency rules, Goods and Services Tax and demonetization.

The retail inflation rate remained at a lower rate in financial year 2017 compared to the previous year prompting the Reserve Bank of India to reduce benchmark interest rates to a seven-year low. The Index of Industrial Production rose by 4.6% annually compared to 3.3% in 2016. However, capacity utilization, an indicator of manufacturing growth, remained stable at 71.2% compared to 71.7% in the same period last year.

During financial year 2017, New Orders were up by 12 percent at INR 135,736 million, compared with INR 121,199 million in financial year 2015-16. Sales (excluding Other Operating Revenues) were up by 1 percent to INR 110,602 million, compared with INR 109,642 million in financial year

2015-16, while Profit after Tax (PAT) was at INR 11,336 million compared with INR 29,171 million in financial year 2015-16. During financial year 2016-17 the exceptional items stood at INR 5,675 million, compared with INR 29,923 million in financial year 2015-16.

Operational Performance

The Company's business is aligned into Divisions: Power and Gas, Energy Management, Mobility, Building Technologies, Digital Factory and Process Industries & Drives.

POWER AND GAS

Power and Gas Division offers a broad spectrum of products and solutions for reliable, efficient and clean power for generation of electricity from fossil fuels and for the reliable generation of power for oil and gas as well as for industrial applications. Customers are Utilities, Independent Power producers and Engineering, Procurement and Construction (EPC) companies as well as businesses in industries such as oil and gas, sugar, cement, etc.

The Division continued to operate in challenging domestic market conditions. Order growth in the Division was mainly driven by industrial (small) steam turbines in both domestic and export markets and service-related projects. The thermal-based power generation market (large gas and steam turbine) continues to face challenges due to various factors like subdued demand, lower industrial growth and lower plant load factor of installed thermal plants, inadequate gas availability, measures to encourage renewable energy and a shift toward smaller-scale projects and localization. The power plants in India still operate with overcapacities. Among the highlights, the Division won an order worth approximately INR 3660 million from Oil and Natural Gas Corporation Limited for overhauling of power turbines through zero-hour overhaul and time continued overhaul concepts.

For financial year 2016-17, the New Orders were up by 37 percent to INR 18,357 million, Sales up by 1 percent to INR 14,125 million, while Profit from Operations was INR 2,015 million compared to INR 1,373 million in the previous year.

DISCLAIMER : This Report is **PRIVATE & CONFIDENTIAL** and it is prepared at the request of and for its use by the Subscriber only. The Subscriber shall use the contents of the Report merely as an aid to its business. Mira Inform Private Limited ("MIPL") has collated information/data in the Report, which have not been verified unless otherwise specifically mentioned in the Report. The Subscriber shall independently verify the accuracy and correctness of the information/data before in any way acting upon the same. MIPL shall not be liable for any harm, injury, loss or damage caused to the Subscriber due to default by the Subscriber's debtors/beneficiaries in fulfilling their obligations of any nature whatsoever. This Report or any of its portion shall not be used as a documentary evidence or otherwise before any investigative agencies or forum of law. This Report is confidential and proprietary to MIPL. The Subscriber and/or any other person(s) may not reproduce, publish or disclose any of the contents of the Report to others without the express authorization of MIPL. This Report is prepared and issued to the Subscriber without any risk, responsibility or liability on the part of MIPL or its officials.

Outlook

The Power and Gas Division expects energy demand to grow in the mid-term mirroring the GDP growth. Several policies and initiatives under implementation by the Government of India like new steel policy, increased nuclear power, and promotion of electric vehicles are expected to revive the overall Power Generation sector. Policies like Hydrocarbon Exploration and Licensing Policy (HELP) are expected to benefit the Oil and Gas sector in the future. The Division continues to develop solutions to build on "Make in India" and "24/7 power for all" programs. It will use local capabilities to provide engineering for global projects and manufacture steam turbines for India and export.

ENERGY MANAGEMENT

Energy Management Division is a supplier of products, systems, solutions and services for Transmission & Distribution, Management & Control of electrical energy. Its electrification portfolio ranges from Low voltage Products for domestic electrification, through products, systems & solutions for electrification of Medium Voltage Distribution and Ultra high Voltage Transmission Grids. Portfolio also covers Automation & Digitalization products & solutions for all elements of power value chain. Its customers are Central & State Utilities, Private Transmission & Distribution System Operators and Industries. During the financial year 2016-17, the market for Energy Management solutions remained highly competitive with large investment from Utilities and muted capex from Industrial Customers. Among the key highlights in financial year 2016-17, a consortium of Siemens and Sumitomo Electric Industries Limited was awarded an order from Power Grid Corporation of India Limited to supply a high-voltage direct current (HVDC) transmission system. The total size of the order won by the consortium is US \$520 million, of which the share of Siemens Limited is approximately INR 16.82 billion. The Division also won several other key orders. It won orders for Air Insulated Switchgear from Bangladesh Rural Electrification Board (BREB), Dhaka (worth approximately ` 1,874 million) and from Sterlite Power Grid Ventures Limited (worth approximately ` 1,190 million). In addition, it also won an order worth approximately ` 1,010 million from Delhi Transco Limited for Gas Insulated Switchgear substations.

2016-17, the Division benefited from Government initiatives to enhance rail capacity and improve rail transportation, which led to awarding of various projects in both mainline and in the metro segments. The Mobility Division won multiple contracts from Nagpur Metro for Overhead Electrification, Signaling and Depot, the Propulsion equipment orders from Diesel Locomotive Works, the Hotel Load Converters from Chittaranjan Locomotive Works, Electronic Interlocking contracts for Indian Railways and annual maintenance contracts (AMCs) for Electric Multiple Units for Mumbai Central Railways. For financial year 2016-17, New Orders were up by 11 percent to ` 12,452 million, Sales up by 9 percent to ` 11,855 million, while Profit from Operations was ` 903 million compared to ` 676 million in the previous year.

Outlook

The outlook for Mobility Division is dependent on Indian Railways initiatives towards modernization and electrification, which are on the right track. The Government is also increasing its focus on safety, infrastructure development, electrification and energy efficiency. Further, plans to award Public-Private Partnership projects for supply and manufacturing of EMUs, dedicated freight corridors, high-speed rail and metro projects are expected to boost the country's rail sector.

DIGITAL FACTORY

Digital Factory Division offers a comprehensive portfolio of software products and automation technologies for industrial applications covering the entire life cycle, from product design and production execution to after-sales services. Siemens helps its customers in the manufacturing sector enhance the flexibility and efficiency of their production processes, thereby boosting their competitiveness with comprehensive Digital Enterprise Suite. These solutions are supplied to customers in various discrete industries, General Engineering segments and Original

Equipment Manufacturers (OEMs) engaged in machine tools, printing, packaging and electrical panel manufacturing. During the financial year 2016-17, Digital Factory Division witnessed order pick-up in the automotive, tyre, food & beverage, pharmaceutical and infrastructure related segments amid an overall sluggish capital expenditure environment in the private sector. The Division maintained steady growth amid continued lower capital expenditure by customers. Among the highlights, the Division inaugurated its showcase digitalized low-voltage Switchgear factory at Kalwa. The globally-benchmarked factory is capable of producing more than 180 variants at the rate of one product every nine seconds. For financial year 2016-17, the New Orders were up by 10 percent to 19,727 million, Sales up by 9 percent to 19,134 million, while Profit from Operations was 1,230 million compared to 1,246 million in the previous year.

Outlook

Manufacturing-led growth and greater adoption of Digitalization / Industry 4.0 is expected to boost demand for factory automation, software and data analytics (via MindSphere, open IoT cloud platform), especially in greenfield and brownfield projects in the automotive, food processing and Pharmaceuticals sectors. It foresees demand to pick up, driven by the increasing focus among customers on cost productivity, energy savings and regulatory compliance through retrofit and modernization of equipments. Private sector capital expenditure is muted and is expected to pick up only when existing capacities are utilized.

PROCESS INDUSTRIES & DRIVES

Process Industries and Drives Division offers a comprehensive portfolio for Industrial application and solutions in the field of Automation and Drives for process industries such as Chemical, Pharmaceuticals, Food and Beverages, Water and Waste Water, Cement, Mining, Oil & Gas, Paper and Marines. The business environment in which Process Industries and Drives Division operates is primarily driven by core sector industries. It continued to face a challenging business environment during the financial year, which saw government spending on infrastructure gradually increasing while greenfield private sector investments remained sluggish. During the financial year, the Division announced the launch of its new range of energy efficient motor SIMOTICS 1LE7. The Division received recognition for its motors: India High and premium efficiency electric motors Enabling Technology Leadership Award from Frost & Sullivan and "Champion in Energy Efficiency" award from Tata Steel. The Division also won orders from various government and private customers across Cement, Pharmaceuticals, Defence, Mining, Industrial, Shipping and Ports. With customers seeking solutions for managing variability and enhancing productivity, improving quality controls and safety, the Division witnessed a demand for solutions that included process automation and instrumentation. For financial year 2016-17, the New Orders were up by 29 percent to INR 19,650 million, Sales up by 8 percent to INR 17,668 million, while Profit from Operations was INR 545 million compared to INR 987 million in the previous year.

Outlook

The Division expects the market demand for automation and digitalization to pick up, driven by investments in integrated engineering and operations in process industries.

PRESS RELEASE

Date 06.02.2018

For the first quarter of Financial Year 2018 ended December 31, 2017, Siemens Limited registered a Revenue of INR 23630.000 million which amounts to a 5.8% increase in Revenue (excluding the impact of transition from Excise Duty to GST) over the same quarter in the preceding year.

Profit after Tax for the first quarter of Financial Year 2018 was INR 1910.000 million, up by 18.6% over the same period last year. New Orders for the period stood at INR 32570.000 million, up by 2.1%.

Sunil Mathur, Managing Director and Chief Executive Officer, Siemens Limited, said, "While our Revenue growth comes largely out of our strong Order Backlog, which as at 30th September 2017, stood at an all-time high of INR 122630.000 million, orders continue to grow primarily from the infrastructure sector and digitalization projects."

STATEMENT OF STANDALONE UNAUDITED FINANCIAL RESULTS FOR THE QUARTER AND NINE MONTHS ENDED 30.06.2018

CMT REPORT (Corruption, Money Laundering & Terrorism]

The Public Notice information has been collected from various sources including but not limited to: **The Courts, India Prisons Service, Interpol, etc.**

1] INFORMATION ON DESIGNATED PARTY

No records exist designating subject or any of its beneficial owners, controlling shareholders or senior officers as terrorist or terrorist organization or whom notice had been received that all financial transactions involving their assets have been blocked or convicted, found guilty or against whom a judgement or order had been entered in a proceedings for violating money-laundering, anti-corruption or bribery or international economic or anti-terrorism sanction laws or whose assets were seized, blocked, frozen or ordered forfeited for violation of money laundering or international anti-terrorism laws.

2] Court Declaration :

No records exist to suggest that subject is or was the subject of any formal or informal allegations, prosecutions or other official proceeding for making any prohibited payments or other improper payments to government officials for engaging in prohibited transactions or with designated parties.

3] Asset Declaration :

No records exist to suggest that the property or assets of the subject are derived from criminal conduct or a prohibited transaction.

4] Record on Financial Crime :

Charges or conviction registered against subject: **None**

5] Records on Violation of Anti-Corruption Laws :

Charges or investigation registered against subject: **None**

6] Records on Int'l Anti-Money Laundering Laws/Standards :

Charges or investigation registered against subject: **None**

7] Criminal Records

No available information exist that suggest that subject or any of its principals have been formally charged or convicted by a competent governmental authority for any financial crime or under any formal investigation by a competent government authority for any violation of anti-corruption laws or international anti-money laundering laws or standard.

8] Affiliation with Government :

No record exists to suggest that any director or indirect owners, controlling shareholders, director, officer or employee of the company is a government official or a family member or close business associate of a Government official.

9] Compensation Package :

Our market survey revealed that the amount of compensation sought by the subject is fair and reasonable and comparable to compensation paid to others for similar services.

10] Press Report :

No press reports / filings exists on the subject.

CORPORATE GOVERNANCE

MIRA INFORM as part of its Due Diligence do provide comments on Corporate Governance to identify management and governance. These factors often have been predictive and in some cases have created vulnerabilities to credit deterioration.

Our Governance Assessment focuses principally on the interactions between a company's management, its Board of Directors, Shareholders and other financial stakeholders.

CONTRAVENTION

Subject is not known to have contravened any existing local laws, regulations or policies that prohibit, restrict or otherwise affect the terms and conditions that could be included in the agreement with the subject.

RATING EXPLANATIONS

Credit Rating	Explanation	Rating Comments
A++	Minimum Risk	Business dealings permissible with minimum risk of default
A+	Low Risk	Business dealings permissible with low risk of default
A	Acceptable Risk	Business dealings permissible with moderate risk of default
B	Medium Risk	Business dealings permissible on a regular monitoring basis
C	Medium High Risk	Business dealings permissible preferably on secured basis
D	High Risk	Business dealing not recommended or on secured terms only
NB	New Business	No recommendation can be done due to business in infancy stage
NT	No Trace	No recommendation can be done as the business is not traceable

NB is stated where there is insufficient information to facilitate rating. However, it is not to be considered as unfavourable.

This score serves as a reference to assess SC's credit risk and to set the amount of credit to be extended. It is calculated from a composite of weighted scores obtained from each of the major sections of this report. The assessed factors are as follows:

- Financial condition covering various ratios
- Company background and operations size
- Promoters / Management background
- Payment record
- Litigation against the subject
- Industry scenario / competitor analysis
- Supplier / Customer / Banker review (wherever available)
