ST. VINCENT & THE GRENADINES - ECONOMIC OVERVIEW

Success of the economy hinges upon seasonal variations in agriculture, tourism, and construction activity, as well as remittances. Much of the workforce is employed in banana production and tourism. Saint Vincent and the Grenadines is home to a small offshore banking sector and continues to fully adopt international regulatory standards.

This lower-middle-income country remains vulnerable to natural and external shocks. The economy has shown some signs of recovery due to increased tourist arrivals, falling oil prices and renewed growth in the construction sector. The much anticipated international airport opened in early 2017 with hopes for increased airlift and tourism activity. The government's ability to invest in social programs and respond to external shocks is constrained by its high public debt burden, which was 67% of GDP at the end of 2013.

Comments

We called to the Registered Agent of the company but the person contacted explained that she could not provide any information about the company through the phone.

Please be advised a company's records can be searched in SV if a "proper purpose" for the search is provided.

In case further details are required for the company, it is possible to obtain records filed in the registry.

However, it is necessary to mention a proper reason for the search.

In case client has had a negative experience with the company, or has suffered a fraud from them, this would be helpful to mention.

RATING EXPLANATIONS

Credit Rating	Explanation	Rating Comments
A++	Minimum Risk	Business dealings permissible with minimum risk of default
A+	Low Risk	Business dealings permissible with low risk of default
A	Acceptable Risk	Business dealings permissible with moderate risk of default
B	Medium Risk	Business dealings permissible on a regular monitoring basis
C	Medium High Risk	Business dealings permissible preferably on secured basis
D	High Risk	Business dealing not recommended or on secured terms only
NB	New Business	No recommendation can be done due to business in infancy stage
NT	No Trace	No recommendation can be done as the business is not traceable

NB is stated where there is insufficient information to facilitate rating. However, it is not to be considered as unfavourable.

This score serves as a reference to assess SC's credit risk and to set the amount of credit to be extended. It is calculated from a composite of weighted scores obtained from each of the major sections of this report. The assessed factors are as follows:

- Financial condition covering various ratios
- Company background and operations size
- Promoters / Management background
- Payment record
- Litigation against the subject
- Industry scenario / competitor analysis
- Supplier / Customer / Banker review (wherever available)
