This Report is prepared and issued to the Subscriber without any risk, responsibility or liability on the part of MIPL or its officials.

Credit Rating	Explanation	Rating Comments
B	Medium Risk	Business dealings permissible on a regular monitoring basis

<b>Status :</b>	Relatively new business
<b>Payment Behaviour :</b>	Slow but correct
<b>Litigation :</b>	Clear
<b>Comments :</b>	<p>Subject is a newly established private limited company incorporated on 21st August 2017 and it is engaged as trader of agri products and farm based agri operations covering dairy farming, livestock management, horticulture, argo forestry, organic farming, bio gas and bio technology.</p> <p>As per available financial record of March 2018, the company has earned revenue of INR 205.701 million since its inception and has clocked a net profit margin of 0.88%.</p> <p>The company possesses moderate financial risk profile marked by modest reserve level and average debt protection metrics.</p> <p>Rating further gets constrained on account of its limited track record of its business operation and its presence in highly competitive market.</p> <p>However, these rating weakness gets partially offset by positive feedback received from its customers (KPR Agrochem Limited and Pratiba Agrochem and Engg. Private Limited) for satisfactory product quality as well as its supplier (Sorority Traders Private Limited and Glowingstar Trading Private Limited) for satisfactory payment behaviour and market goodwill.</p> <p>The subject's banker (South Indian Bank) gave positive feedback and are satisfied with the subject's banking transactions.</p> <p>Payment seems to be slow but correct.</p> <p>In view of aforesaid, the company can be considered for business dealing with some caution.</p> <p><b>Note:</b> The available financials are of 7 months.</p>
