No. of Employees :	1000 (Approximately)

### RATING & COMMENTS

(Mira Inform has adopted New Rating mechanism w.e.f. 23<sup>rd</sup> January 2017)

**MIRA's Rating :** A

**DISCLAIMER :** This Report is **PRIVATE & CONFIDENTIAL** and it is prepared at the request of and for its use by the Subscriber only. The Subscriber shall use the contents of the Report merely as an aid to its business. Mira Inform Private Limited ("MIPL") has collated information/data in the Report, which have not been verified unless otherwise specifically mentioned in the Report. The Subscriber shall independently verify the accuracy and correctness of the information/data before in any way acting upon the same. MIPL shall not be liable for any harm, injury, loss or damage caused to the Subscriber due to default by the Subscriber's debtors/beneficiaries in fulfilling their obligations of any nature whatsoever. This Report or any of its portion shall not be used as a documentary evidence or otherwise before any investigative agencies or forum of law. This Report is confidential and proprietary to MIPL. The Subscriber and/or any other person(s) may not reproduce, publish or disclose any of the contents of the Report to others without the express authorization of MIPL. This Report is prepared and issued to the Subscriber without any risk, responsibility or liability on the part of MIPL or its officials.

Credit Rating	Explanation	Rating Comments
A	Acceptable Risk	Business dealings permissible with moderate risk of default

<b>Status :</b>	Satisfactory
<b>Payment Behaviour :</b>	Slow but correct
<b>Litigation :</b>	Clear
<b>Comments :</b>	<p>Subject is a partnership concern established in the year 2004.</p> <p>It is a manufacturer and exporter of diamonds.</p> <p>Mr. Vipul (Accounts manager) has provided information about the subject to us.</p> <p>As per the financials of FY 2018, the concern has achieved revenue growth of 20.79% as compared to the previous year along with an average profit margin of 1.51%.</p> <p>The satisfactory financial profile of the concern is marked by sufficient capital base along with negligible debt balance sheet profile.</p> <p>However, these rating strengths are partially offset by stretched working capital cycle and presence in a highly fragmented and competitive cut and polished Diamond (CPD) industry.</p> <p>Payment seems to be slow but correct.</p> <p>In view of aforesaid, the concern can be considered for business dealings at usual trade terms and conditions.</p>

**NOTES :**

**DIAMOND INDUSTRY – INDIA**

- From time immemorial, India is well known in the world as the birthplace for diamonds. It is difficult to trace the origin of diamonds but history says that in the remote past, diamonds were mined only in India. Diamond production in India can be traced back to almost 8<sup>th</sup> Century B.C. India, in fact, remained undisputed leader till 18<sup>th</sup> Century when Brazilian fields were discovered in 1725 followed by emergence of S. Africa, Russia and Australia.
- The achievement of the Indian diamond industry was possible only due to combination of the manufacturing skills of the Indian workforce and the untiring and unflagging efforts of the Indian diamantaires, supported by progressive Government policies.
- The area of study of family owned diamond businesses derives its importance from the huge conglomerate of family run organizations which operate in the diamond industry since many generations.
- Some of the basic traits of family run business enterprises include spirit of entrepreneurship, mutual trust lowers transaction costs, small, nimble and quick to react, information as a source of advantage and philanthropy.
- Family owned diamond businesses need to improve on many fronts including higher standard of corporate governance, long-term performance – focused strategies, modern management and technology.
- Utmost caution is to be exercised while dealing with some medium and large diamond traders which are usually engaged in fictitious import – export, inter-company transactions, financially assisted by banks. In the process, several public sector banks lost several hundred million rupees. They mostly diverted borrowed money for diamond business into real estate and capital markets.
- Excerpts from Times of India dated 30<sup>th</sup> October 2010 is as under –
- Gem & Jewellery Export Promotion Council in its statistical data has shown the export of polished diamonds to have increase by 28 % in February 2013. Compared to \$ 1.4 bn worth of polished diamond export in February, 2012, India exported \$ 1.84 billion worth of polished diamonds in February 2013. A senior executive of GJEPC said, “Export of cut and polished diamonds started falling month-wise after the imposition of 2 % of import duty on the polished diamonds. But February, 2013 has given a new ray of hope to the industry as the export of polished diamonds has actually increased by 28 %. It means the industry is on the track of recovery and round tripping of diamonds has stopped completely.” Demand has started coming from the US, the UK, Japan and China. India’s polished diamond export is expected to cross \$ 21 bn in 2013-14.
- The banking sector has started exercising restraint while following prudent risk management norms when lending money to gems and jewellery sector. This follows the implementation of Basel III accord – a global voluntary regulatory standard on bank capital adequacy, stress testing and market liquidity.
