	extracting and processing minerals and oil and gas. The Company produces copper, aluminium, iron ore, oil and gas and commercial power. The Company has five reportable segments: copper, aluminum, iron ore, commercial power and oil and gas. The management of the Company is organized by its main products: copper, aluminum, iron ore, oil and gas and power. [Registered Activity]
No. of Employees :	9543 (Approximately)

RATING & COMMENTS
(Mira Inform has adopted New Rating mechanism w.e.f. 23rd January 2017)

MIRA's Rating :	A+
------------------------	----

Credit Rating	Explanation	Rating Comments
A+	Low Risk	Business dealings permissible with low risk of default

Status :	Excellent
Payment Behaviour :	Regular
Litigation :	Clear
Comments :	<p>Subject was incorporated in the year 1965 and it is a diversified natural resources company. It is engaged in mining of zinc, copper, iron ore and aluminium. It also generates power and produces oil and gas.</p> <p>As per the financials of March 2018, the company has reported a growth of 19.29% in its revenue as compared to its previous year's revenue and maintained a good profit margin of 15.78% during the year.</p> <p>Rating takes into consideration, the company's established track record of business operations marked by healthy net worth base along with comfortable debt coverage indicators and good liquidity position.</p> <p>Rating continues to reflect its diversified business profile supported by its promoter's industry experience along with cost leadership in zinc and oil and gas segments.</p> <p>Price is quoted fairly stable on Stock Exchanges. (Share are traded at a price of INR 214.50 against its face value of INR 1 on BSE).</p> <p>As per the 1st quarter of June 2018, the company has achieved revenue of INR 96900 million and has clocked a net profit margin of 1.34%.</p> <p>However, rating strength is partially offset by susceptibility to volatility in commodity prices, regulatory risks in the iron ore business, and project execution risks associated with sizeable capital expenditure programs in its</p>

	<p>aluminium and power projects.</p> <p>Further, on May 28, 2018, the Government of Tamil Nadu directed Tamil Nadu Pollution Control Board (TNPCB) to seal Vedanta's copper smelting plant at Thoothukkudi and to close it permanently. Also, the Madras High Court had put on hold the company's expansion plan and ordered Vedanta to cease construction and all other activities onsite for the proposed new copper smelter. The company is currently evaluating its further course of action. While its closure will affect the company's cash flow and business diversity.</p> <p>Payments terms seems to be regular as per commitments.</p> <p>In view of aforesaid, the company can be considered good for business dealings at usual trade terms and conditions.</p>

* The % of holding has been calculated on the issued and subscribed share capital as at respective balance sheet date.

24823177 ADS, held by CITI Bank N.A. New York as a depository.

As per the of the Company, including its register of shareholders/members, the above shareholding represents legal ownership of shares.

(G) Other disclosures

- (1) The Company has one class of equity shares having a par value of INR 1 per share. Each shareholder is eligible for one vote per share held and dividend as and when declared by the Company. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend which is paid as and when declared by the Board of Directors. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts, in proportion to their shareholding.
- (2) The Company has one class of 7.5% non-cumulative redeemable preference shares having a par value of INR 10 per share. Each preference shareholder is eligible for one vote per share as per terms of Section 47(2) of the Companies Act 2013 and dividend as and when declared by the Company. As per the terms of preference shares, these shares are redeemable at par on expiry of 18 months from the date of their allotment. In the event of winding up of Vedanta Limited, the holders of Preference Shares shall have a right to receive repayment of capital paid up and arrears of dividend, whether declared or not, up to the commencement of winding up, in priority to any payment of capital on the equity shares out of the surplus of Vedanta Limited.
- (3) ADS shareholders do not have right to attend General meetings in person and also do not have right to vote. They are represented by depository, CITI Bank N.A. New York. As on March 31, 2018 - 24,84,24,696 equity shares were held in the form of 6,21,06,174 ADS (March 31, 2017- 21,70,19,900 equity shares in form of 5,42,54,975 ADS).
- (4) In terms of Scheme of Arrangement as approved by the Hon'ble High Court of Judicature at Mumbai, vide its order dated April 19, 2002, the erstwhile Sterlite Industries (India) Limited (merged with the Company during 2013-14) during 2002-2003 reduced its paid up share capital by INR 100.000 million. There are 204,525 equity shares (March 31, 2017: 199,026 equity shares) of INR 1 each pending clearance from NSDL/CDSL. The Company has filed an application in Hon'ble High Court of Mumbai to cancel these shares, the final decision on which is pending. Hon'ble High Court of Judicature at Mumbai, vide its interim order dated September 06, 2002 restrained any transaction with respect to subject shares.

The Company's copper business (Copper India) principally consists of custom smelting and includes a copper smelter, a refinery, a phosphoric acid plant and power plants at Tuticorin, Tamilnadu and a refinery and two copper rod plants at Silvassa in the Union Territory of Dadra and Nagar Haveli.

The Company's power business comprises of 600 MW thermal coal based power facility in the State of Odisha. The Company's oil and gas business comprises of surveying, prospecting, drilling, exploring, acquiring, developing, producing, transporting, marketing, distributing and generally dealing in minerals, oils, petroleum, gas and related by-products and other activities incidental to the same. As part of its business activities, the Company also holds interests in its subsidiary companies which have been granted rights to explore and develop oil exploration blocks. The oil and gas business largely operates in the state of Gujarat, Rajasthan and Andhra Pradesh.

SEGMENT INFORMATION

Description of segment and principle activities

The Company is a diversified natural resource Company engaged in exploring, extracting and processing minerals and oil and gas. The Company produces copper, aluminium, iron ore, oil and gas and commercial power. The Company has five reportable segments: copper, aluminum, iron ore, commercial power and oil and gas. The management of the Company is organized by its main products: copper, aluminum, iron ore, oil and gas and power. Each of the reportable segments derives its revenues from these main products and hence these have been identified as reportable segments by the Company's Chief Operating Decision Maker ("CODM"). Earnings before Interest, Tax and Depreciation & Amortisation (EBITDA) amounts are evaluated regularly by the Management, which has been identified as the CODM, in deciding how to allocate resources and in assessing performance.

Copper

The Company's copper business is principally one of custom smelting and includes a copper smelter, a refinery, a phosphoric acid plant, a sulphuric acid plant, a copper rod plant and three captive power plants at Tuticorin in Southern India, and a refinery and two copper rod plants at Silvassa in Western India.

On April 09, 2018 the annual consent to operate (CTO) for Tuticorin plant under the Air and Water Acts for copper smelters in India was rejected by the State Pollution Control Board for want of further clarification and consequently the operations have presently been suspended. The matter is presently pending in Tribunal.

Aluminum

The Company's aluminium operations include a refinery and a captive power plant at Lanjigarh and a smelter, a thermal coal based captive power facility at Jharsuguda both situated in the State of Odisha in India. The pots are in the stage of commissioning in the 1.25 mtpa Jharsuguda-II Aluminium smelter with 879 pots having been commissioned by March 31, 2018.

Iron ore

The Company's iron ore business consists of exploration, mining and processing of iron ore, pig iron and metallurgical coke. The mining operations are carried out at Codli group, Bicholim mine, Surla mine and the

Sonshi group of mines in state of Goa and Narrian mine, situated at state of Karnataka in India, a Metallurgical Coke and Pig Iron plant in State of Goa in India and also has a power plant in State of Goa in India for captive use. Pursuant to an order passed by Hon'ble Supreme Court of India on Febuary 07, 2018 all mining was banned in state of Goa. The Company has recognised an impairment charge on its ironore assets for the year ended March 31, 2018.

Power

The Company's power business include 600 MW thermal coal-based commercial power facility at Jharsuguda in the State of Odisha in Eastern India. During the previous year, three units of 600 MW each at Jharsugda have been converted into captive power plant to commercial power plant to meet the inhouse energy demands. Hence w.e.f. April 01, 2016 the operations of the said units have been included in the aluminium business segment.

Oil and gas

The Company's is engaged in business of exploration and development and production of oil and gas, having a diversified asset base of five blocks, one in state of Rajasthan in India, one on the west coast of India and three on the east coast of India.

The Company's international zinc business comprises of Skorpion mine and refinery in Namibia operated through THL Zinc Namibia Holdings (Proprietary) Limited (Skorpion). It also has Black Mountain Mining (Proprietary) Limited (BMM), whose assets include the Black Mountain mine and the Gamsberg mine project located in South Africa. The Company has 100% ownership in Skorpion and 74% ownership in BMM. Our Zinc project in Gamsberg is progressing well and on track for first production by mid CY2018.

The Company's oil & gas business is owned and operated by Vedanta Limited, one of the largest independent oil and gas exploration and production companies and the largest private producer of crude oil in India. It has a world-class resource base, with interest in five blocks in India and one in South Africa. Cairn India's resource base is located in four strategically focused areas namely one block in Rajasthan, one on the west coast of India, three on the east coast of India and one in South Africa.

The Company's iron ore business is wholly owned by Vedanta Limited and Sesa Resources Limited and consists of exploration, mining and processing of iron ore, pig iron and metallurgical coke and power generation. The mining operations are carried out in the State of Goa and Karnataka. On February 7, 2018, the Supreme Court of India passed its final order wherein it set aside the second renewal of the mining leases granted by the State of Goa. The Court directed all lease holders under the second renewal to stop all mining operations with effect from March 16, 2018 until fresh mining leases (not fresh renewals or other renewals) and fresh environment clearances are granted.

The Company's copper business is owned and operated by Vedanta Limited, Copper mines of Tasmania Pty. Ltd. ('CMT'), Australia, and Fujairah Gold FZE in the UAE. Its custom smelting assets includes a copper smelter, a refinery, a phosphoric acid plant, a sulphuric acid plant, a copper rod plant and two captive power plants at Tuticorin in Southern India, and a refinery and two copper rod plants at Silvassa in Western India. In addition, the Company owns and operates the Mt. Lyell copper mine in Tasmania, Australia through its subsidiary, CMT, which is currently suspended and is under care & maintenance since July 2014, and a precious metal refinery and copper rod plant in Fujairah through its subsidiary Fujairah Gold FZE.

The Company's aluminium business is owned and operated by Vedanta Limited and Bharat Aluminium Company Limited (BALCO) in which Vedanta Limited has a 51% interest and balance is owned by the Government of India. Vedanta Limited's Aluminium operations include an Alumina refinery and a 90 MW captive power plant (CPP) at Lanjigarh, two smelters (500 kt & 1,250 kt) and two CPPs (1,215 MW & 1,800 MW) at Jharsuguda, both at Odisha in Eastern India. BALCO's operations include two bauxite mines, three CPPs (270 MW, 540 MW and 600 MW), and two smelters (570 kt) and fabrication facilities at Chattisgarh in central India.

The Company's power business includes Talwandi Sabo Power Limited (TSPL), a wholly owned subsidiary of the Vedanta Limited TSPL had signed a power purchase agreement with the Punjab State Power Corporation Limited (PSPCL) for the establishment of 1,980 MW (three units of 660 MW each) thermal coal-based commercial power facilities.

The other power operations include Vedanta Limited's 600 MW thermal coal-based commercial power facility at Jharsuguda, a 600 MW thermal coal-based commercial power facility at BALCO, 274 MW of wind power plants commissioned by HZL and 100 MW power plant at MALCO Energy Limited (MEL) situated at Mettur Dam in Tamil Nadu in Southern India. 100 MW MEL power plant has been put under care and maintenance effective from May 26, 2017.

The Company's other activities include operation of its Vizag General Cargo Berth Private Limited ('VGCB') in which the Company owns a 100% interest. The Vizag port business includes coal handling facilities and general cargo berth at the outer harbor of Visakhapatnam port on India's east coast.

In December 2017, Vedanta Limited's wholly owned subsidiary, Cairn India Holdings Limited acquired a 51% stake in AvanStrate Inc. (ASI), a Japanese manufacturer of LCD glass substrate for US\$158 million.

Vedanta Limited was declared successful resolution applicant by the Committee of Creditors for Electrosteel Steels Limited under the Corporate Insolvency Resolution Process of the insolvency and Bankruptcy Code, 2016 (IBC). Subsequently, The National Company Law Tribunal, Kolkata Bench, has approved the terms of the Resolution Plan submitted by the Company, to acquire Electrosteel Steels Limited ('Electrosteel') on April 17, 2018.

FINANCIAL PERFORMANCE SUMMARY

Operational Highlights for FY 2017-18

In line with Vedanta's stated strategic priority of production growth through continued ramp up at Aluminium and Zinc India business, they delivered strong operational performance driven by record production at Aluminium (exit capacity c.2.0 MT), Zinc India and Copper India. During the year, they also announced next phase of growth projects in Oil & Gas and Copper India and continued to work on the Gamsberg project for commencement of production in mid CY2018.

Some of the key operational highlights for FY 2018 are:

- Record annual production at Zinc India and Aluminium business
- Oil & Gas: Mar 18 Exit run rate of 200,000 boepd; Growth projects on track to enable significant volume growth in FY 19
- Zinc International : Gamsberg project on track with production expected by mid CY 2018
- Aluminum: Record annual production at 1.7mt; with an exit run rate of c.2.0 mtpa
- Iron Ore: Increase in company-wise mining cap allocation in Karnataka expected in Q1 FY2019
- Power: 1,980 MW Talwandi Sabo Power Plant operating at 93% availability in Q4FY 18

f) Unallocated	443980.000
Total	680460.000

NOTES:

1. The above results of Vedanta Limited ("the Company"), for the quarter ended June 30, 2018 have been reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on July 31, 2018. The statutory auditors have carried out limited review of the same.
2. The figures for the quarter ended March 31, 2018 are the balancing figures between audited figures for the full financial year ended March 31, 2018 and unaudited figures for the nine months ended December 31, 2017.
3. With effect from July 01, 2017, Goods and Service tax ('GST') has been implemented which has replaced several indirect taxes including excise duty. While Ind AS required excise duty to be included while computing revenues, GST is required to be excluded from revenue computation. Accordingly 'Revenue from Operations (Net of excise duty)' has been additionally disclosed in these results to enhance comparability of financial information.
4. Exceptional items comprises of the following: (INR in Million)

Particulars	30.06.2018 (Unaudited)
Impairment (charge) / reversal	
Relating to investment in subsidiary- Cairn India Holdings Limited	520.000
Net exceptional gain (net of tax)	520.000

5. Effective April 01, 2018, the Company has adopted Ind AS 115 Revenue from Contracts with customers under the modified retrospective approach without adjustment of comparatives. The Standard is applied to contracts that remain in force as at April 01, 2018. The application of the standard did not have any significant impact on the retained earnings as at April 01, 2018 and financial results for the current quarter.
6. The Company's application for renewal of Consent to Operate (CTO) for existing copper smelter, was rejected by Tamil Nadu Pollution Control Board (TNPCB) in April 2018. The Company has filed an appeal before the TNPCB Appellate Authority challenging the Rejection Order. During the pendency of the appeal there were protests by a section of local community raising environmental concerns and subsequently the Government of Tamil Nadu issued directions to seal the existing copper smelter plant permanently. The Company believes these actions were not taken in accordance with the procedure prescribed under applicable laws.

Further, the Madurai Bench of the High Court of Madras in a Public Interest Litigation held vide its order dated May 23, 2018 that the application for renewal of the Environmental Clearance for the Expansion Project shall be processed after a mandatory public hearing and the said application shall be decided by the competent authority on or before September 23, 2018. In the interim, the High Court ordered the Company to cease construction and all other activities on site for the proposed Expansion Project with immediate effect. Separately, SIPCOT cancelled 342.22 acres of the land allotted for the proposed Expansion Project and TNPCB issued orders directing the withdrawal of the Consent to Establish (CTE) which was valid till December 31, 2022.

The Company is taking appropriate legal measures to address the matters. As per the Company's assessment, it is in compliance with the applicable regulations and hence does not expect any material adjustments to these financial results as a consequence of the above actions.

7. Previous period/year figures have been re-grouped/rearranged, wherever necessary.

PRESS RELEASE:

SC TO HEAR TAMIL NADU'S PLEA AGAINST NGT ORDER GIVING VEDANTA LIMITED ACCESS TO TUTICORIN PLANT

August 14, 2018

The Supreme Court today agreed to hear on August 17 the plea of Tamil Nadu government challenging an order of the National Green Tribunal allowing mining major Vedanta access to the administrative unit inside its closed Sterlite copper plant at Tuticorin in the state.

A bench comprising Chief Justice Dipak Misra and Justice A M Khanwilkar considered the submission of the state government and posted its plea for hearing on August 17.

The NGT had on August 9 allowed Vedanta to enter its administrative unit inside its Sterlite copper plant, observing that no environmental damage would be caused by allowing access to the administrative section. The tribunal, however, had said that the plant would remain closed and the company would not have access to its production unit and directed the district magistrate to ensure this.

The Tamil Nadu government had, on May 28, ordered the state pollution control board to seal and "permanently" close the mining group's copper plant following violent protests over pollution concerns. Sterlite's factory had made headlines in March 2013 when a gas leak led to the death of one person and injuries to several others, after which the then chief minister J Jayalithaa had ordered its closure.

The company had then appealed to the NGT, which had overturned the government order. The state had then moved the Supreme Court against it and the case is still pending. The Supreme Court had then ordered the company to pay INR 1000.000 million as compensation for polluting the environment. Following the latest protests and police firing, the plant was closed on March 27.

After Sterlite announced its plans to expand the Tuticorin plant, villagers around it started fresh protests that continued for over 100 days, culminating in the May 22 police firing on protestors that claimed 13 lives and left scores injured.

VEDANTA PLANS TO INVEST OVER INR 560000.000 MILLION IN THREE YEARS

August 25, 2018

Mumbai: Vedanta Limited on Friday said it plans to spend up to \$400 million (INR 28000.000 million) on expansion of Electrosteel's capacity to 2.5 million tonnes, as well as increase expenditure on technology and digital innovation to about INR 35000.000 million.

The announcements are part of a larger spending proposal of \$8 billion (INR 560280.000 million) that the natural resources major plans to implement across businesses over the next three years to boost their size by at least 50%.

"Most of the \$8 billion expenditure will be funded through internal accruals, so there is no plan at this point of time for our debt to go up," Vedanta Ltd chairman Navin Agarwal said on the sidelines of the company's annual general meeting.

"We have a comfortable level of internal free cash flow to fund expansion that will grow our size at least by 50%." Vedanta's free cash flow stood at INR 79000.000 million at the end of the last fiscal year, as the company brought down its gross debt by INR 85000.000 million.

However, acquisition of Electrosteel and adjustment of working capital had increased its net debt to INR 29910 at the end of the first quarter.

It has cash and liquid investments of close to INR 352510.000 million. Even though the company is grappling with the closure of its 400,000-tonne copper smelting plant in Tuticorin, the chairman said the company is in a "sweet spot".

VEDANTA GETS BAUXITE FROM ODISHA, HOPES TO GET MORE

SEPTEMBER 05, 2018

"Though OMC at present meets only five percent of our bauxite requirement, we look forward to get more raw material by taking part in auctions of other mines in Odisha," he said.

Encouraged by supply of bauxite from the state-owned Odisha Mining Corporation (OMC), The Vedanta Limited is optimistic about completion of its refinery expansion project.

Though the aluminium major has been managing to run its 2 mtpa refinery since 2007 by importing bauxite from other states and abroad, the company for the first time received the raw material from OMC's Kodingamali mines recently, Vedanta Limited's External affairs (Head) Sanjeev Kumar said.

The raw material is available to the company from the bauxite rich Odisha almost 10 years after its successful operation. The Vedanta got bauxite from Kodingamali mines, located about 152 km from its refinery at Lanjigarh in Odisha's Kalahandi district.

The company has been importing bauxite from countries like Brazil and Guinea and other states like Andhra Pradesh and Gujarat to feed its 2 mtpa refinery, he said. The company could utilise only 1.2 mtpa capacity of the refinery due to raw material shortage despite obtaining Consent to Operate (CTO) for 2 mtpa, he said.

The company has meanwhile began to enhance capacity of the refinery from 2 mtpa to 4 mtpa and subsequently to 6 mtpa by 2021. The Vedanta has so far spent about Rs 5,000 crore on expansion project, he said.

"Though OMC at present meets only five percent of our bauxite requirement, we look forward to get more raw material by taking part in auctions of other mines in Odisha," he said.

The Vedanta is optimistic about getting about 3 million tons of bauxite, which is 50 percent of its need, to run the 2 mtpa refinery from the OMC by year end, he said. He said the company would require about 12 million tons of bauxite after expansion of its refinery to 4 mtpa.

Asked whether Vedanta still hopes to get bauxite from Niyamgiri hills, Kumar said "we are not looking for Niyamgiri now. It is insignificant for us. However, the company will like to participate in any auction within Odisha."

He said the company started its refinery expansion project not depending on Niyamgiri or any other mines. Odisha has about 700 million tonnes of bauxite reserves, while Niyamgiri holds only an estimated 88 million tonnes. Many reserves in the state remain unexplored.

To a query as to how Vedanta could compete with other players in the field, Kumar said "relatively our efficiency is very high for which we continue to survive despite buying bauxite at high price. Our finished goods are much better than the others due to technology we adopt."

Located on the foothill of Niyamgiri, Vedanta claimed to have brought positive effects in the life of the local population in terms of health care, education, sustainable livelihood and infrastructure development, a company official said.

CMT REPORT (Corruption, Money Laundering & Terrorism]

The Public Notice information has been collected from various sources including but not limited to: **The Courts, India Prisons Service, Interpol, etc.**

1] INFORMATION ON DESIGNATED PARTY

No records exist designating subject or any of its beneficial owners, controlling shareholders or senior officers as terrorist or terrorist organization or whom notice had been received that all financial transactions involving their assets have been blocked or convicted, found guilty or against whom a judgement or order had been entered in a proceedings for violating money-laundering, anti-corruption or bribery or international economic or anti-terrorism sanction laws or whose assets were seized, blocked, frozen or ordered forfeited for violation of money laundering or international anti-terrorism laws.

2] Court Declaration :

No records exist to suggest that subject is or was the subject of any formal or informal allegations, prosecutions or other official proceeding for making any prohibited payments or other improper payments to government officials for engaging in prohibited transactions or with designated parties.

3] Asset Declaration :

No records exist to suggest that the property or assets of the subject are derived from criminal conduct or a prohibited transaction.

4] Record on Financial Crime :

Charges or conviction registered against subject: **None**

5] Records on Violation of Anti-Corruption Laws :

Charges or investigation registered against subject: **None**

6] Records on Int'l Anti-Money Laundering Laws/Standards :

Charges or investigation registered against subject: **None**

7] Criminal Records

No available information exist that suggest that subject or any of its principals have been formally charged or convicted by a competent governmental authority for any financial crime or under any formal investigation by a competent government authority for any violation of anti-corruption laws or international anti-money laundering laws or standard.

8] Affiliation with Government :

No record exists to suggest that any director or indirect owners, controlling shareholders, director, officer or employee of the company is a government official or a family member or close business associate of a Government official.

9] Compensation Package :

Our market survey revealed that the amount of compensation sought by the subject is fair and reasonable and comparable to compensation paid to others for similar services.

10] Press Report :

No press reports / filings exists on the subject.

CORPORATE GOVERNANCE

MIRA INFORM as part of its Due Diligence do provide comments on Corporate Governance to identify management and governance. These factors often have been predictive and in some cases have created vulnerabilities to credit deterioration.

Our Governance Assessment focuses principally on the interactions between a company's management, its Board of Directors, Shareholders and other financial stakeholders.

CONTRAVENTION

Subject is not known to have contravened any existing local laws, regulations or policies that prohibit, restrict or otherwise affect the terms and conditions that could be included in the agreement with the subject.

NT	No Trace	No recommendation can be done as the business is not traceable

NB is stated where there is insufficient information to facilitate rating. However, it is not to be considered as unfavourable.

This score serves as a reference to assess SC's credit risk and to set the amount of credit to be extended. It is calculated from a composite of weighted scores obtained from each of the major sections of this report. The assessed factors are as follows:

- Financial condition covering various ratios
- Company background and operations size
- Promoters / Management background
- Payment record
- Litigation against the subject
- Industry scenario / competitor analysis
- Supplier / Customer / Banker review (wherever available)
