CORPORATE INFORMATION

The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The Company's registered office is at Trinity Plaza, 3rd Floor, 84/1A, Topsis Road (South) Kolkata – 700046. Its shares are listed on the Bombay Stock Exchange Limited and the Calcutta Stock Exchange Limited in India.

The Company is principally engaged in designing, developing, manufacturing, erecting, commissioning and servicing of pumps and pumping systems. The Company caters to both domestic and international markets.

OPERATIONS

The Company returned to the growth path in 2017-18 with standalone revenues increasing to INR 4436.800 million against INR 2961.600 million in 2016-17 and higher profitability amidst slow economic activities partially due to GST roll out from second quarter of the year and slowing private investments. Similarly, standalone profit after tax was INR 475.600 million against INR 202.800 million in 2016-17. The Company has achieved major landmarks in designing and supplying large critical pumps using improved technologies. The company remains committed to focus on growth strategies and organizational architectures to aggressively drive growth and increase profitability across all its business verticals. The Annual results for the financial year 2017-18 demonstrates the Company's ability to identify, nurture and accelerate growth opportunities. With the strong order book, increased availability of infrastructural resources and access to global markets, the Company stands committed to strengthen its position in the market by providing greater value for its Customers and other stakeholders.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OPERATIONAL REVIEW

DOMESTIC OPERATIONS

The domestic operations of the company were very strong with growth across all three business verticals especially promising was the Infrastructure division which finally gained traction with revenues of INR 1700.000 million. The major achievement of the Infrastructure division was in its execution on large water distribution projects in Madhya Pradesh and Rajasthan and an Irrigation system in Africa. Similar achievements were there in the two product divisions with both achieving record revenues.

The major focus remains to maintain this growth which is well supported by a strong order book. In parallel, the company is enhancing its manufacturing infrastructure to enhance output as well as focusing on design and product developments to increase competitiveness.

ENGINEERED PUMP DIVISION

The performance of this division was very good with record revenues and major achievements like supply of firewater pump package to ONGC, large axial flow submersibles to Thailand, metallic volute pumps to Telangana Irrigation.

The division has built up a strong repertoire of products over the years and now is aggressively working on products enhancement. The primary focus being on energy efficiency. With a good order backlog the division expects to maintain this performance in the coming year. It is working on enhancing infrastructure facilities to better serve the demand for its products.

CONVENTIONAL PUMP DIVISION

This division also achieved major milestones in revenues and successful execution of a major package for Telangana Water Grid, large order for Royal irrigation Dept., large number of high horsepower submersibles for irrigation and water supply.

Throughout the year, the division developed and strengthened its product lines to cover all applications in the water sector with emphasis laid on design and manufacturing. Its comprehensive products range makes it a very strong player in the business allowing it to cater to changes in sectoral performance. This division has a good order book and is confident of its performance going forward.

INFRASTRUCTURE DIVISION

This division has finally gained traction with a strong order book and commencement of execution of its large Irrigation projects. Further the company booked large water distribution projects in Madhya Pradesh and is partnering Gruppo Aturia in an Irrigation project in Africa. With strong order in irrigation and Rural water distribution aligned with Government's initiative to provide water to all, this division is confident to growth further in near term with its competence.

INTERNATIONAL OPERATIONS

Gruppo Aturia performance was good with finally achieving its potential. Both its Industrial division and Rutschi nuclear division performed well. The Industrial division is seeing good growth in Irrigation pumps and Firefighting applications, whereas the nuclear business has a strong order book of both new projects and after sales. The business should maintain its performance in the coming year.

The Company closed its operations at Mathers UK in July 2017 due to the continued downturn in the offshore oil market. After completing all closure formalities it is now exploring opportunities to monetize its assets. It should be noted that the consolidated operations results were significantly affected by these onetime closure costs.

The performance of Sterling Pumps Australia were stable and the company is a strong player in the Australian irrigation market. The performance is expected to significantly improve with recovery in the Oil & Gas markets.

The Company South Africa maintained a steady performance which is creditable in the turbulent political environment in the country. Things appear to be steadying this year and one hopes to see pent up demand drive sales growth in the business.

The Company Thailand had an excellent performance this year with sizable hike in revenues and profits and it expects to continue this momentum. Simultaneously, the market penetration has radically increased and large number of opportunities are developing.

FUTURE OUTLOOK

The business environment in the future is likely to remain dynamic and challenging. This makes it imperative for the Company to be future ready to meet challenges in its core focus areas such as improved products performance, distribution, customers, people and safety. The Company is actively leveraging technology and innovation as an enabler of future growth, market leadership and continued success. The company continues to leverage newer applications led technology to penetrate new markets and increased demand for its products. The Company is also working on technology to derive benefit of customers experience and choice of customers to company's products.

The Company being one of the leaders in the pump industry foresees good growth in both domestic and international operations and continues to strengthen its business by diversifying across geographies and product categories to both de-risk and grow business. All divisions are well equipped to deal with their growing order book and provide good quality and delivery of products to continue enhanced market share. The Company feels it has achieved a good balance by developing its international business and creation of Waste Water Pump division which along with the Infrastructure division would be the major drivers going forward. The Company looks to cement its position in the various geographies and markets it operates going forward.
