**RATING & COMMENTS**

(Mira Inform has adopted New Rating mechanism w.e.f. 23<sup>rd</sup> January 2017)

**MIRA's Rating :**

A+

Credit Rating	Explanation	Rating Comments
A+	Low Risk	Business dealings permissible with low risk of default

<b>Status :</b>	Good
<b>Payment Behaviour :</b>	Regular
<b>Litigation :</b>	Clear
<b>Comments :</b>	<p>Subject is a part of the B.K. Birla Group. It was incorporated in 1897.</p> <p>Till 1951, the company operated only cotton textile mill at Mumbai. Subsequently, the company has expanded and diversified its activities. At present, it is a trendsetter in cotton textiles and also has a remarkable presence in the yarn, denim, viscose filament rayon yarn, tyre cords, caustic soda, sulphuric acid, salt, cement and pulp and paper industries.</p> <p>As per the financial records of 2018, the company has achieved decent revenue from its operations along with an average profit margin of 4.43%</p> <p>The company has sound financial base marked by efficient net worth position along with favourable gap between trade payables and receivables.</p> <p>As per the quarterly financials of June 2018, the company has achieved revenue of INR 21882.100 million along with INR 1626.600 million.</p> <p>The ratings continue to reflect a diversified business risk profile supported by an established market position in the cement, paper, and textile businesses. The ratings also factor in the strong operational, and need-based, timely financial support received from the Aditya Birla (AB) group, the major stakeholder.</p> <p>Rating is constrained as subject's all three businesses are cyclical, exposing the company's performance to volatile demand conditions in addition to variations in input and freight costs. Besides being cyclical, the domestic cement and paper businesses are also highly competitive because of the presence of a large number of established players.</p> <p>Business is active. Payment seems to be regular and as per commitments.</p> <p>In the view of diversified business profile, the company can be considered for the business dealings at usual trade terms and conditions.</p>

**CORPORATE INFORMATION**

The company is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India. The principal place of business of the company is located at Century Bhawan, Dr. A. B. Road, Worli, Mumbai. The Company is principally engaged in manufacturing of Textiles, Cement, Pulp and Paper and development of Real estate. The financial statements were authorised for issue in accordance with a resolution of the board of directors on 2 May 2018.

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

**Overall Review:**

During the year, earnings before interest, tax and depreciation (EBITDA) of the Company has shown very good improvement over the previous year. Better performance of the Cement and Pulp & Paper Divisions has mainly contributed to the improved profitability. Other Divisions viz. Textiles, including VFY, and Real Estate have also contributed to the profitability despite various constraints. There have been three important developments during the year under review viz. (a) with effect from 1st February, 2018, the Company has granted Grasim Industries Ltd. (GIL) the right and responsibility to manage, operate, use and control the viscose filament yarn business of Century Rayon Division of the Company for 15 years, for a commuted royalty of Rs. 600 crore, interest free, refundable, security deposit of INR 2000.000 Million and Century Rayon's working capital to GIL at actuals. The above amount is used for reducing its outstanding loan liability which results in improvement in the Company's financial ratios and rating for long term loans. The rating of the Company has been raised from April, 2018 from 'AA-' to 'AA' which is a one notch improvement over the previous rating, which will help in further reduction in the interest rate, (b) formation of a 100% Wholly Owned Subsidiary for the purpose of real estate development and in particular for undertaking joint venture projects with other parties and (c) sale of Company's Yarn and Denim units in the Textiles segment situated at Khargone Dist. in Madhya Pradesh which were not contributing to the growth. All the aforesaid steps will strengthen the Company's performance in future.

The drive for increasing operational efficiency and cost control measures continued unabated. It is gratifying to mention that interest cost has gone down by about INR 990.000 million during the year as compared to the previous year, mainly because of reduction of high cost debts, better treasury management, improved working capital management and soft interest regime prevailing in the larger part of the year

The demand for cement may continue to be driven further by the pick-up in the infrastructure projects viz. bridges, roads, ports, metro rails and low budget housing segment, bringing opportunities for growth in this sector. The long term outlook for cement is expected to be positive. In the paper segment, no additional capacities are expected in the near future in India. However, the growth in paper consumption is expected to increase. Considering the present domestic and international economic scenario, the long term outlook for the Indian paper industry appears to be strong and positive. The Government's thrust for housing for all is very positive for both our Cement and Real Estate Divisions. In view of the global and domestic growth, demand for and prices of textile products may improve in the coming years.

The circumstances prevailing in each of the business segments of the Company are separately discussed hereunder. Efforts to further improve the performance of the Company across the various segments are continuing.

**OUTLOOK**

They are considering opening of a branch for textiles in USA for our home textiles segment for doing direct business with renowned brands, retailers to eliminate wholesalers, traders to improve upon business margin. The focus is on cost optimization, introduction of new markets and offering of new product development with special fiber, other than cotton, with sustainable finishes.

**Business Segment – Cement (Cement & Clinker)**

**Industry Structure and Development:**

India is the second largest producer of cement in the world after China, with a capacity of more than 433 million tonnes. India's cement industry is a vital part of its economy, providing employment to more than a million people, directly or indirectly.

The past 6-7 years have been difficult for India's cement sector. Compared to the Compounded Annual Growth Rate (CAGR) of 10% over FY05 – FY10, the Indian cement demand growth declined to a 4% CAGR over FY10 – FY17. The weak macroeconomic situation, slowed pace of infrastructure and housing growth, relatively weak rural economy and reduced government spending, hurt cement demand, while capacities added were much higher.

The cement sector may witness incremental demand outpacing incremental supply in the next three fiscals. However, the demand-supply gap will remain, considering the excess installed capacities.

Cement production in India in FY 2017-18 is expected to be approximately 297 million tonnes as compared to 280 million tonnes in the FY 2016-17, witnessing a growth of 6.07% in FY 2017-18 as against de-growth of 1.23% in FY 2016-17.

The first quarter of FY 2017-18 witnessed a drop of 3.30% in cement production due to shortage of sand, slowdown in real estate activity, drought (in a few States) and transitional issues related to the implementation of the Real Estate (Regulation and Development) Act (RERA) . Cement demand in the second quarter of FY 2017-18 was adversely impacted by the implementation of the Goods and Service Tax (GST), continued sand shortage, intermittent and irregular rainfall in different areas resulting in a meagre growth of 0.62%. However, during the third quarter (Oct to Dec) of FY 2017-18 cement production witnessed a growth of 11.38% year-on-year, while growth during the fourth quarter (Jan to March) would be about 16%, mainly due to low base in FY 2016-17 on account of the impact of demonetisation.

With strong government focus on housing and infrastructure development, the outlook for overall cement demand in FY 2018-19 appears to be positive with demand expected to grow at 6-7% p.a. However, low utilization levels coupled with increasing power & fuel costs will continue to pose challenges

**Notes :**

1. The above standalone financial results have been reviewed and recommended for adoption by the Audit Committee to the Board of Directors and have been approved by the Board at its meeting held on July 30, 2018. The standalone financial results for the quarter ended June 30, 2018 have been subjected to limited review by the Company's statutory auditors.

2. On 25th July 2018, The National Company Law Appellate Tribunal (NCLAT) has upheld the order of Competition Commission of India ("CCI") against the Company. The company believes it has a strong case and is in the process of filing an appeal in Supreme Court against the said order and accordingly no provision has been recognized in the financial results.

3. During the previous year, the Company had recognized the sale of its Yarn and Denim units (Y&D units) (included in textile segment). Pursuant to the objections raised in the Court, against the transaction by the workers of the Y&D units, the Company has terminated the Business Transfer Agreement and has taken back the possession of Y&D units. The Company is exploring various alternatives for disposal of the units. Accordingly the assets and liabilities of the Y&D units are classified as assets held for disposal and the operations have been classified as discontinued operations.

4. The figures of the quarter ended March 31, 2018 are the balancing figures between audited figures in respect of the full financial year and the unaudited published year-to-date figures upto December 31, 2017 which were subjected to limited review.

5. Post the applicability of Goods and Services Tax (GST) with effect from July 1, 2017, revenue from operations is disclosed net of GST and prior to that excise duty on sales were grossed up with sales and disclosed separately as an expense. Accordingly, the revenue from operations and other expenditures for the quarter ended June 30, 2018 are not comparable with the quarter ended June 30, 2017 presented in the results.

6. Other operating income includes gain on sale of Transferable Development Rights (TDR) amounting to INR 767.000 Million for the quarter ended June 30, 2018 and INR 796.300 Million for the quarter and year ended March 31, 2018.

7. The Board of Directors of the Company has approved the Scheme of Arrangement ('Scheme') between the Company and UltraTech Cement Limited ('UltraTech') to demerge its Cement business (comprises of all assets and liabilities including borrowings of Rs. 3000 crores) in to UltraTech and in consideration UltraTech will issue equity shares of UltraTech to the eligible shareholders of the Company. Pending necessary regulatory approvals and other compliances, the assets and liabilities of the Cement division have not been classified as assets held for distribution to owners.

8. The Company has adopted Ind AS 115 'Revenue from Contracts with Customers' with effect from April 1, 2018, using the modified retrospective method. The application of Ind AS 115 did not have any significant impact on retained earnings as at April 1, 2018. Also the application of Ind AS 115 did

**PAGE NO. : 32**

not have any significant impact on the recognition and measurement of revenue and related items in the financial results for the quarter ended June 30, 2018.

9. During the previous year, the Company has granted the right to manage and operate the Company's Viscose Filament Yarn ('VFY') business, which is part of Textile segment, to Grasim Industries Limited ('GIL'), for a duration of 15 years effective from February 1, 2018. As a part of consideration, GIL had paid an upfront royalty of Rs. 600.00 crores. The Company is recognizing royalty over the period of 15 years on pro-rata basis. Accordingly, the figures of the current quarter are strictly not comparable with the quarter ended June 30, 2017 and March 31, 2018.

10. The company is organised into business divisions based on its products and services and has five reportable segments, as follows:

- (a) "Textiles" include Yarn, Fabric, Viscose Filament Yarn and Tyre Yarn
- (b) "Cement" includes Cement and Clinker
- (c) "Pulp and Paper" include Pulp, Writing & Printing paper, Tissue paper and Multilayer packaging board.
- (d) "Real Estate" includes Leased Properties and Investment properties of the Company.
- (e) "Others" include Salt works and Chemicals.

Century Textiles and Industries' decision to divest its cement asset to UltraTech Cement will not only unlock value for shareholders, but also provide the company an opportunity to deleverage its balance sheet.

Currently, BK Birla-owned Century Textiles has exposure to the cement, textiles, pulp and paper and real estate businesses.

The company requires significant capital to modernise and grow these businesses. But the current leverage and cash flow does not provide flexibility to raise growth capital.

The divestment of the cement division with associate liabilities, including debt of INR 30000.000 Million, will bring down net debt and EBITDA to 1.6 times from 3.1 times.

#### **High capex**

On the reason for spinning off the cement asset, Century Textiles said some of the cement plants are old and require significant capital expenditure to modernise and enhance product quality. Besides, it will require high-maintenance capex for its upkeep. The cement plants were operating at 74 per cent capacity utilisation, it said.

The existing mines at the Raipur plant had limited limestone reserves. Therefore, additional mines have been acquired in auction. It requires an investment of INR 1500.000 Million to acquire land for developing the mine and this will be invested by UltraTech, it said.

#### **Realty growth**

Birla Estates is poised to capitalise on land parcels in Mumbai, Kalyan and near Pune and unlock value for shareholders, it added.

The company has 30 acres in Worli, 132 acres in Kalyan and 45 acres in Pune.

The company plans to roll out premium and mid-income housing and commercial projects in the surplus land.

In addition, Birla Estates has signed an MoU to develop 1 million sq ft of residential project in Gurgaon. It plans similar MoUs to develop a residential, commercial and retail portfolio to achieve this plan and requires significant funding over the next five years, said the company.

The pulp and paper business has its locational advantage and has performed well in the past three years.

The company plans to modernise the facility and expand the tissue capacity and optimise the product mix to enhance profitability, it said.

Century Textile will continue to have exposure to the cement business through its highly liquid equity shareholding in UltraTech, the company said.
